

PROCLEAN DEGREASER™ CONCENTRATE

TECHNICAL DATA SHEET

DESCRIPTION

ProClean Degreaser™ is an industrial-strength, eco-friendly solvent, cleaner, and degreaser, engineered without petroleum distillates and chlorinated solvents to provide a safer alternative for diverse applications. Its unique formula, a blend of organic surfactants, alkaline builders, water-soluble solvents, and water conditioning agents, is specifically designed to quickly dissolve and remove greases, carbon-based contaminants, and other industrial soils from all water-safe surfaces. Ideal for preparing concrete surfaces for staining, sealing, or waxing, and maintenance cleaning of stained or sealed concrete, ProClean Degreaser™ is also optimized for use in automatic scrubbers, mop buckets, and high-pressure washers, offering low foaming action for efficient, hassle-free cleaning. This versatile degreaser ensures powerful, quick, and safe cleaning, making it an essential product for professional and industrial cleaning tasks.

PRODUCT BENEFITS

- **Eco-Friendly Composition:** Avoids petroleum distillates and chlorinated solvents, promoting environmental safety.
- **Industrial-Strength Cleaning Power:** Combines organic surfactants, alkaline builders, and water-soluble solvents for tough soils removal.
- **Versatile Application:** Suitable for all water-safe surfaces, ideal for concrete preparation and maintenance cleaning.
- **Optimized for Cleaning Equipment:** Low-foaming formula enhances efficiency in automatic scrubbers, mop buckets, and high-pressure washers.
- **Rapid and Effective Action:** Quickly dissolves industrial grime, reducing cleaning time and effort for fast, effective results.

DILUTION GUIDELINES

- For the 4-Ounce Bottle: Dilute at a 1:32 ratio with water, or one half cup (4 ounces) per gallon of water, for regular cleaning tasks.
- For the 1-Quart Bottle: Mix the entire bottle with 5 gallons of water to achieve the same 1:32 dilution ratio for regular cleaning.
- For heavy-duty cleaning on surfaces like concrete and floors with either bottle size, use a stronger dilution of 8 ounces per gallon of water.

PREPARATION

- **Personal Safety:** Always wear appropriate personal protective equipment as recommended in the SDS.
- **Area Preparation:** Protect surfaces not intended for cleaning by covering surrounding areas to prevent accidental application.

TOOLS FOR APPLICATION

- Automatic scrubbers for efficient, large-area cleaning.
- Mop and bucket for manual application.
- Pressure washers for deep cleaning.
- Spray bottles for spot cleaning.
- Soft-bristled brushes for scrubbing surfaces without causing damage.

APPLICATION

- Apply with an automatic scrubber or mop and bucket for large areas.
- Use a spray bottle for targeted areas, applying directly to spots or smaller surfaces.
- Allow the solution to dwell on the surface for a few minutes to break down grease and dirt.
- Scrub heavily soiled areas with a soft-bristled brush or scrub pad, taking care not to damage the surface.
- Rinse thoroughly with clean water to remove all residues of the degreaser and dirt.

COVERAGE

A standard mixture of ProClean Degreaser™ (4 ounces per gallon of water) covers about 200 square feet (18.58 m²). Coverage rates may vary depending on surface porosity, texture, age, condition of the concrete, application method, and environmental conditions.

DISPOSAL

For the disposal of any unused product, please refer to your local environmental or hazardous waste management authority to ensure compliance with local regulations.

SHELF LIFE AND STORAGE

ProClean Degreaser™ should be used within one year of purchase for optimal effectiveness. For storage, keep the product indoors, in a cool area away from direct sunlight and heat sources. Do not allow to freeze.

HEALTH & SAFETY GUIDELINES

DANGER: CAUSES BURNS TO EYES. SKIN IRRITANT. Do not swallow. Do not get in eyes. Do not get on skin or clothing. Do not breathe fumes. Handle with care. **KEEP OUT OF REACH OF CHILDREN.** Wear safety glasses and chemical resistant gloves. Use only in a well-ventilated area. Contains: Butoxyethanol, Nonoxynol, Tetrasodium EDTA, Polyethylene glycol monoalkyl ether phosphate and Potassium hydroxide.

FIRST AID TREATMENT: If swallowed, call a Poison Control Center or doctor immediately. Do not induce vomiting. If in eyes, rinse with water for 15 minutes. If on skin, rinse well with water. If on clothes, remove clothes. If breathed in, move person into fresh air.

WARRANTY

ProClean Degreaser™, a proprietary product, is guaranteed to maintain uniform quality within the bounds of manufacturing tolerances. However, as we have no control over its application, no explicit or implied warranty is provided concerning the effects of such use. In the event of a proven defect, our liability is strictly limited to refunding the purchase price of the defective material. The user is responsible for all other risks and liabilities that may arise from the use of this product. For any inquiries, please reach out to Direct Colors customer service.

APPLICABLE STANDARDS

- ProClean Degreaser™ complies with ASTM D3209-82 for freeze/thaw stability for a minimum of three cycles.
- ProClean Degreaser™ is USDA approved.

TECHNICAL SERVICE & SUPPORT

Direct Colors offers comprehensive technical assistance and consulting services. Our expertise includes product selection guidance, specification details, troubleshooting support, and advice on the effective repair and protection of concrete surfaces. We are committed to providing tailored solutions to meet your specific project needs.

TECHNICAL DATA

Refer to the corresponding Safety Data Sheet (SDS) for hazard related information.

Physical State	Liquid
Color	Red
Odor	Butyl
Solubility in Water	Soluble
pH	12-13
Specific Gravity	1.0
Flash Point	>212°F (100°C)
